Work Experience

Crane Operator

Duit.holdings

March 2020 to November 2020

Bridge construction, kobelco 1100ck g , linkbelt 750tcc, 500tcc. General bridge construction, assembly and disassembly of crane, pile-driving, lifting materials and rebar on decks.

Crane Operator

ALLEN CONTRACTING - Oklahoma City, OK

June 2019 to February 2020

Building bridges on interstate highways. All of the cranes are crawlers, except for 1 rt, three are hydraulic and three are lattice. Manitowoc 12000, Grove rt 750, linkbelt 138 and link belt tcc 750. Daily inspections are conducted each day and all the operators work with bridge building crews, false work, pile driving, concrete bucket, lifting forms, loading drill shafts, beams, ect.

Rigger/Operator

Taylor Crane & Rigging - Tulsa, OK

September 2018 to June 2019

Inspecting rigging prior to all lifts, participating in pre lift job safety analysis and weekly safety meetings, preparing blocking cribbing and saddles, operating and signaling operation of the following machines: forklifts, versa lifts, cranes (At and RT), scissor lifts, gantry systems, lifting jacks, overhead cranes and tractor trailers. This job requires the ability to use chains, binders, straps, and slings, and the ability to use hand signals to communicate with operators and team members on a daily basis.

This company specializes in industrial moving which ranges from relocating small machines inside facilities to lifting, loading, and hauling 300,000 lb. Vessels that are used in the oil field. We often service fabrication factories in loading large vessels onto trucks and securing them with saddles for transport.
